

You are not alone!

We support you in your asylum procedure.

The interviews at the BAMF (Federal Office for Migration and Refugees) are the most important dates in the asylum procedure: It will be decided, whether and for how long you are allowed to live in Germany.

In the project ArrivalAid-Frankfurt

around 60 volunteers are operating as consultants for the official hearing:

- The consultants help you to **prepare** for the interviews at the BAMF
- If you wish, they **accompany** you to the hearing and review with you the verdict of the BAMF
- If necessary, they help you **to file a lawsuit** and **find a lawyer**.
